Plan Joint Gas Pipeline Via C. N. Pass To U. S.

Westcoast Transmission Company and Alberta and Southern Gas Co. Ltd., Friday announced plans for the joint construction and use of a single pipeline from the Alberta border through the Crows Nest Pass to the international boundary.

The announcement came in a joint statement by Frank M. McMahon and J. K. Horton, presidents of the two companies.

Originally the two applied for permission to build separate pipelines to serve customers in the United States. Westcoast's line was to serve the Pacific Northwest area and Alberta and Southern's the Pacific Gas and Electric Co. in San Francisco and northern California.

More Economical

The joint line will be owned and operated by Alberta Natural Gas Company in which both companies will have an equal stock interest. This company was originally formed to serve Alberta and Southern.

Part of the stock in this concern will be offered to the Canadian public after export permits are obtained from provincial, federal and United States regulatory bodies.

Both companies said the amalgamation resulted from economic studies showing substantial savings in transportation costs. Through British Columbia could be accomplished with a single large diameter pipeline. Initial cost is expected to be about \$40,000,000.

Despite use of the common pipeline, the two companies will continue to purchase gas from Alberta producers independently. Both the companies plan to file supplemental applications with the Alberta Oil and Gas Conservation Board in the near future.

In a recent decision on the two applications made last year the conservation board ruled that proven reserves of Alberta gas are not adequate to meet the full take requested by both firms. The board suggested that both file amended applications for lesser amounts before the year end.

Westcoast proposes to obtain its gas from the Savanna Creek and from East Calgary fields, both of which are heavy in sulphur content. Sulphur plants are planned by the Jefferson Lake Sulphur Co. to take care of this situation.

Alberta and Southern has agreements with a large number of operators in Western Alberta but it may have to alter some of them because the conservation board has ruled some of the fields involved are logical sources for Trans-Canada Pipe Lines.

Fields contracted by Alberta and Southern run from north of the province's settled area to close to the U. S. border.

St. Alban's Church Whist Drives

On Monday, October 27th at 8 p.m. in the Elks hall the St. Alban's Church will commence a series of whist drives on an experimental basis.

Past series have always proved popular but only due to the hundreds of donations received. In way of prizes and food, was it possible to continue them.

Because these donations are not now available the only way to continue to give excellent prizes is to raise the price of admission. Because of this necessity it was decided to drop the sponsoring of the drives. So many people, however, have expressed their keen disappointment that it has been reconsidered, and whist drives will continue at the new price with prizes as good as last year but the serving of tea or coffee only.

If the people of Coleman show by their attendance that they wish the drives to go on the Vestry will be very happy to accommodate. So

remember the date folks. Monday, October 27th at 8 p.m. in the Coleman Elks hall.

If you wish the drives to keep

on, please come. Advance tickets can be obtained at the Canadian Bank of Commerce or at the Drug Store.

Senior Citizens Home To Be Built In Pincher Creek

William Kovach, M.L.A. of Hillcrest, announced at a meeting held in Pincher Creek this week that confirmation of an old age pension home for Pincher Creek had been confirmed early in the week by the provincial government.

Mr. Kovach stated that the home would be built on a five acre tract of land and that government field men would be visiting Pincher Creek in the near future to look over several possible sites for the home.

He said the home would house 50 elderly persons and would be fully occupied by senior citizens including the areas of ID-8 and ID-10, which is in the Pass area.

Reasons for the home being built at Pincher said Mr. Kovach, was due to the great expansion Pincher Creek has enjoyed during the past few years which in turn has greatly increased the population. He added that he felt that another home would probably be built in the Crows Nest Pass should conditions here change and warrant a home.

Southern Alberta Scouts Rally Day October 19th

Lord Rowallan, Chief Scout of the British Commonwealth, will address a Southern Alberta rally of Scouts and Cubs in Calgary's Stampede Corral on Sunday afternoon, October 19th.

Scouts and Cubs from all districts in Southern Alberta will attend the rally, at which Queen Scout certificates will be presented by the Chief Scout.

The Chief Scout, accompanied by D. F. Morgan of London, assistant overseas commissioner for Scouts, will first visit Edmonton for three days for a rally there with Northern Alberta Scouts and Cubs, and he will be in Calgary from October 18 until October 21.

Lord Rowallan of Rowallan, Castle Kilmarlock, Scotland, became Chief Scout in succession to Lord Somers, in 1945. Lord Somers having succeeded Lord Baden-Powell, the founder of Scouts.

As Thomas Godfrey Polson Corbett he served in the First Great War in Gallipoli, Palestine and in France, winning the Military Cross, and succeeded to his title in 1933. His connection with scouting goes back to the early days of the movement. He became prominent in Scottish scouting in 1922 when appointed a district commissioner. In

1939 he became president of the Scottish Scout Council. Early in 1939 he raised a battalion of the Royal Scots Fusiliers and saw service in France.

Lord Rowallan is also an expert in cattle breeding particularly Ayrshires, and was president of the British Dairy Farmers' Association and the Scottish Association of Young Farmers' Clubs.

D. F. Morgan, OBE, M.A., LL.B., assistant overseas commissioner on the staff of the Boy Scouts Association, Imperial Headquarters, London, is accompanying Lord Rowallan on his tour of Canada, during October and November.

He joined the Scouts in 1910, first as an assistant Scoutmaster and became an assistant secretary at Imperial headquarters in 1918.

Volunteers Lay Cement In Coleman Arena

The community spirit of a small town was again well displayed in Coleman over the past weekend as a crew after crew of volunteer workmen turned out in force to lay the concrete floor in the Coleman skating arena ice surface.

The crews of men, many of whom were recruited by Ed Corson, included miners, businessmen, office workers, school students and persons from almost all walks of life.

The work began Saturday morning at 8 a.m. and working in shifts of 25 men worked around the clock until the big community project was completed at 5 p.m. Sunday, when the last wheelbarrow of cement was poured by Ed Churlis, past Coleman unofficial mayor.

The excellent job was done under the supervision of George Jenkins, president of Coleman Sports Association, assisted by Oratio Celli, a local contractor.

The plastic pipe in the arena was also laid by volunteer workmen with the job being supervised by Canada Ice Machine men. The black plastic pipe was laid over top of the asphalt surface that was in the arena many years ago after a levelling job was completed. Local Coleman organizations sent sandwiches and refreshments to the men working in the arena.

many of whom worked double shifts to see the job through. The men in charge of the project have expressed their thanks to the many volunteer workers who turned out in full force to do the work in order that Coleman youngsters and hockey teams have a full season of skating.

The skating arena will now be used for various summer functions such as carnivals, band concerts and many other local activities.

Now that the plastic pipes have been imbedded in the cement, Canada Ice Machine of Calgary will begin installation of the freezing plant in the near future and it is anticipated that ice for skating will be in readiness early in November. The plant to be installed cost in the near vicinity of \$30,000.

C. Y. O. Notes

On Wednesday, September 19th a number of Catholic youths met to revive the Senior C.Y.O.

An executive consisting of: President, Don Gentile; Vice-president, Frank Baruta; Secretary-treasurer, Connie Raymon was elected.

In a following meeting Kay Perschewler and Donnie DeCocco were appointed press agents.

It was decided to have our meetings every two Sundays, the next meeting being on October 19th at 7:30 p.m.

At this or one of the following meetings we hope to have Mr. Hogan of the Forestry as the guest speaker. How about seeing some of you Catholic high school students out to it and the rest?

To begin the year many of the

members turned out to clean the hall on Friday afternoon in preparation for our dance.

This proved to be very worthwhile for the dance with the teenagers providing the music, was a wonderful success.

We would like to thank everyone who came out to it.

Your employment column

In this column we publish questions about unemployment insurance and employment together with answers received from the Unemployment Insurance Commission. Following are some questions with answers which may be of interest to you:

Q—After a full year of steady employment and contributions, is a person entitled to benefit if she is ill during her unemployment period or does she lose her benefit right?

A—Payment of benefit during illness is only made if the claimant was in receipt of or was entitled to receive benefit when the illness occurred. If a job is given up or is lost because of illness, or if illness occurs before benefit is payable, no benefit is paid until the claimant recovers.

Q—The union I belong to is considering negotiating with our company for guaranteed annual wage. There has been some objection to our going after this form of security on the grounds that we would no longer be eligible for unemployment insurance when laid off. Is this correct?

A—Whether the payments under a guaranteed wage plan will have any effect on the payment of unemployment insurance benefit can only be determined after the conditions governing the payment of guaranteed wages are known.

Card of Thanks

I express thanks to all who attended the farewell party in my honor, also those who donated or helped in any way. Special thanks to the hostesses, Mesdames A. Vassik, H. Dorosak, C. Poulton and R. Moore.
